

Advanced iPad Q&A, Apps

Bayswater Public Library

This is NOT a beginner's class

We will assume you know the basics:

- What an iPad is
- How to turn it on
- What all the buttons do and generally how to interact with it (how to make it do things*)

What will we cover?

- How to get an AppleID and download apps
- Understand IOS updates
- Backup to the iCloud
- eMail and iMessage
- How to use Siri
- Tips and tricks to help you do more with your iPad

What's an Apple ID

A unique identifier which gives you access to Apple services including:

- Apple Store
- iTunes Store
- App Store
- iCloud, iMessage, Facetime
- Reservations (Genius Bar and Workshops)
- Apple Support ... and more

How do I get an Apple ID

Register online at the Apple Website or directly from your Apple device

- Apple ID application form requires your nominated email address and a *new* password.
- Name, address, DOB, security questions and subscription options.
