

MITE S01E04

Location: Heritage FM, 43 Mills Road West,
Gosnells WA

Tony Maccione - 0406 989 403

and James Wilson

11.30am - Host(s) Arrival at the Radio Station

12.00pm INTRO STINGER - (Magoo IT /Disclaimer). This week on Making IT Easy we ...

WELCOME: You're listening to Making IT Easy on 107.3 HFM with James & Tony and our mates Google and Siri.

Grab your smart device to play along with some of our tips and tricks.

Intro Song: Something a little dramatic to show the type of show we have today :-)

01 If I Can Dream (Elvis, With the Royal Philharmonic Orchestra)

1. RECAP and SOMETHING NEW

Each show we'll be giving you something to do that's a little bit new, and encouraging you to complete it before the next show, where we'll check in and see how it went, perhaps run through it again, and suggest something for you to build on.

Last time we talked about the weather. We checked the weather using a Google search in an internet browser on any smart device and we looked at the Google Weather App. Your task was to install the Weatherzone App and see how it compares. How did you go?

If you got stuck, let's go through the process of Android and Apple...

This time We are going to look at Widgets on Android and iPhone/iPad

Let's install the weather widget (Google has one or you can use Weatherzone if installed)

Let's install the Google Photos and/or Apple Photos widgets.

Android (long press home screen - select widget)

Apple (long press home screen - select + top right, then select widget)

Next time

Widgets are part of installed apps, so look at which ones are available for your installed apps and see if anything tickles your fancy.

Music Interlude: 02 Help! (The Beatles)

2. FROM THE NEWS Service Australia is changing MyGov

“Accessing government services will be simpler and easier with the updated myGov site and the new myGov app.”

myGov has given Australians a simple and secure way to access online government services for almost 9 years... It seems now, that as more people are being forced into using digital services, they are finally looking to improve the online offering.

The new site will be updated with big buttons for the important bits: INBOX and CLAIMS/PAYMENTS and there will finally be a link to myGovID which has been confusing everyone since it was released.

Later this year there will be a companion myGov App for mobile devices.

With the myGov app people will have:

- simpler secure ways to sign in with a PIN, fingerprint or face recognition
- easy access to their myGov Inbox
- a new wallet, which will initially contain the COVID-19 digital certificate and International COVID-19 Vaccination Certificates.

So, watch that space.

Notes

What is myGovID? - Well it's not myGov which is very confusing and it's not SafeWA, Medicare Express, or ServiceWA.

Clearly we need a standardised process for all the check-in apps and government services sites.

myGovID is an authenticator app that validates who you are and basically counts as 100 points of identification for access to Government Services.

Who needs myGovID?

- Individuals who want access to online government websites.
- Anyone running a business or holding a directorship of a company.

Music Interlude: 03 Everyday (Buddy Holly)

TIPS AND TRICKS Finding your devices

Android

Find Device App (Google)

<https://myaccount.google.com/find-your-phone>

Play a sound, secure device, erase data (remains locked to your account)

Shows info: First registered, last seen

Ask Google (from any voice assistant on the same Google account)

Where's my phone?

SPONSOR

Music Interlude : 04 Wishin' And Hopin' (Dusty Springfield 1964)

Apple

<https://icloud.com/find>

Ask Siri

Settings -> iCloud -> Find My (to see all devices on the same appleID)

Settings ->iCloud -> Family Sharing -> Location Sharing (to add up to 5 members)

Play a sound, enable lost mode, erase data

Windows

<https://account.microsoft.com/devices/find-my-device>

Find and Lock

Theme for the Deep Dive - Popular Songs with an Orchestral Accompaniment (for James)

Music Interlude: 05 James Bond Theme 007 - Dr No The Danish National Symphony Orchestra (Live)

4. DEEP DIVE

Phone Plans

Which Telco?

How can I choose from the options? (whistleout.com.au)

How much data do I need?

Should you look at bundling and if so...

What about the internet?

Do you need a landline?

SPONSOR

Music Interlude: 06 I Say A Little Prayer (Aretha Franklin & The Royal Philharmonic Orchestra)

Which Telco

Although there are over 40 mobile phone providers in Australia, there are only 3 primary carriers Telstra, Optus, Vodafone. Everyone else uses one of these 3 primary carriers.

Whistleout.com.au to look at comparisons and to help you choose

1. Mobile phone 2. Internet 3. Tablet (mobile broadband) 4. Pay TV

Grab your smart device, phone, pc, laptop and get ready to have a look after this song...

Music Interlude: 07 Sloop John B (Beach Boys with The Royal Philharmonic Orchestra)

CSA

Options

Choose which service you're looking for (Mobile Phone Plans)

- do you want plans with or without a phone?
- filter on the options (Data, calls, SMS) add address for carrier coverage
- refine with further filters on the next page

SPONSOR

Music Interlude: 08 New York New York (Frank Sinatra & The Count Basie Orchestra)

Internet - many options that change often

You may want to consider bundles. Start with Internet and add mobile phone as a bundle.

Vodafone gives discounts on multiple services on the same account 5% on 2 services, 10% on 3...

Optus bundle with Fetch TV

Telstra bundle with Telstra TV and Foxtel

Music Interlude : 09 Blue Bayou (Roy Orbison & The Royal Philharmonic Orchestra)
